DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1 and 4-20 remain rejected under 35 U.S.C. 103(a) as being unpatentable over WO 97/19169 in view of Salsman, US 4,977,191 for the reasons of record in the previous office action. Note that Salsman prefers the use of waste terephthalate polymer (col. 2, lines 30-31). Note also that a preferred product comprises the reaction product of 20-50% by weight of polyethylene terephthalate, 10-30% by weight of diethylene glycol, 5-25% by weight of oxyalkylated glycerol, 20-50% by weight of isophthalic acid and 3-15% by weight of trimellitic acid or trimellitic anhydride (col. 3, lines 39+).

Response to Arguments

3. Applicant's arguments filed October 9, 2001 have been fully considered but they are not persuasive. Applicant argues that the polymers of the present invention are acid functionalized, while the polymers of the WO are not. This is not persuasive because the polymers of the WO are the polymers of Salsman, and the polymers of Salsman contain the same ingredients in the same proportions as the present claims. In addition, the present claims do not recite acid functionalization.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
